Alignment-based Yoga: This multi-level yoga class will use Iyengar/alignment-based methods, incorporating a variety of movements and poses while focusing on alignment of the bones and the entire body. Each class will have a specific theme and objective, suitable for a variety of fitness levels.

Body Sculpting: Sculpt by using a variety of tools including steps, bands, balls and weights.

Cardio Step & Sculpt: This class combines choreographed step routines with high intensity cardio and strength intervals.

Core: Trunk stabilization is the key to healthy back and strong abdominals in this workout.

Core & More: Build a strong, healthy core and improve flexibility through a series of core, strength and stretching exercises.

Cycle: No exercise background is necessary. Group cycle is designed for any fitness level.

Fit for All: This class uses various forms of resistance and exercise throughout the workout to challenge your body and your brain. Join the fun! Shape and define every muscle in your body.

Gentle Pilates & Restorative Yoga: Slow, gentle core work with an emphasis on building strong bones, a healthy spine and greater pelvic stability will start the class. Restorative yoga will bring students into a state of body awareness, deep relaxation and stress release.

HIIT Cardio & Strength: This class alternates between brief high-intensity cardio and strength exercises to achieve fast, dramatic fitness results.

Interval Training: This class is designed to elevate heart rate and recover repeatedly to build cardiovascular endurance.

Level I Yoga: This class is geared toward basic yoga postures with an emphasis on body alignment. The class is appropriate for beginning and continuing students.

Pilates Mat: Using a floor mat and small props, this class focuses on basic Pilates principles: core strength, flexibility, breath control and correct alignment. Modifications will be offered to suit each student's individual needs.

Step: This cardiovascular workout includes step patterns for all levels.

Step & Strength: Combine short bouts of aerobic and anaerobic training using steps with built-in cross training.

Strong Core Fitness Flow: This energizing class synchronizes vinyasa flow yoga inspired poses with the breath. Extra focus will be placed on the back and abdominals to strengthen and tone this key area of the body. Bring water and be ready to sweat!

Tabata: Tabata interval training is one of the most effective types of high intensity interval training. Through a variety of simple, yet intense timed exercises, each class will blast the calories and provide noticeable results in a short amount of time.

TBC (Total Body Conditioning): This class is designed to improve your cardiovascular endurance, muscular strength, muscular endurance, balance and flexibility. Variety of equipment will be used. All levels are welcome.

T.B.E. (Total Body Express): Strength training for all major muscles group in 30-minute express class. Bosu may be included.

The 15's: This 45-minute class will be consisting of 15 minutes of cardio, 15 minutes of strength training and finally a 15 minutes of core training. This is a great class for a total body workout.

Top Half: This power-packed strength training class addresses all major upper body muscles groups. A variety of equipment will be utilized in this multi-level class.

Total Legs: This class features nothing-but-legs strength training for all levels.

Yoga Basics: Learn the fundamentals of yoga. This class focuses on alignment, stretching and breathing through poses appropriate for beginners. No previous experience required.

Zumba®: Join the party! Zumba involves dance and aerobics performed to energetic music. Choreography includes hip-hop, soca, samba, salsa, merengue and mambo.
