Rules of Order, Policies and Operational Procedures for the Fox Valley Park District Board of Commissioners

I. FORMATION OF THE FOX VALLEY PARK DISTRICT

A. Creation of the District

On Election Day, April 1, 1947, voters approved the proposal for the formation of a park system and the Fox River Valley Pleasure Driveway and Park District was established. The goal was stated in the words of the first official Board of Commissioners President W.L. McCullough: "Aurora is interested in developing this area for better play and recreation and to restore and preserve the natural beauty of the river for use and enjoyment now and for the future."

B. Governing Body

The Fox Valley Park District is governed by a seven-member Board of Commissioners per Article 2 of the Illinois Park District Code (70 ILCS 1205/2-18.et.seq. hereafter the "Park District Code"). The Board of Commissioners are elected for four year terms under Section 2-12a of the Park District Code. In accordance with Section 2-25 of the Park District Code, in the event a vacancy in the membership of the Board occurs, a successor will be appointed. The Board of Commissioners appoints the Executive Director, the Attorney of the Park District and the auditors. The Board establishes all policies.

Separate related boards govern specific aspects of the District's involvement in other entities. The District participates with six other park districts in the Fox Valley Special Recreation Association. A board represented by the participating districts governs the Fox Valley Special Recreation Association. The Fox Valley Park Foundation is an IRS 501(c) (3) organization developed to aid the Park District in land acquisition, conservation, preservation and development of land and open space and to provide funds for youth enrichment recreation programs. A Foundation Board of Directors is made up of representatives from the Park District Board and the community. The two outdoor aquatic centers are jointly owned with the City of Aurora and are governed by an administrative board with representatives from City Council, Park District Board of Commissioners and community members.

II. FUNCTIONS OF THE BOARD OF COMMISSIONERS

- A. It is the policy of the Board of Commissioners to recognize and maintain the distinction between those activities that are appropriate to the Board of Commissioners as the legislative, governing body of the park system, and those administrative activities that are to be performed by the Executive Director and his/her staff in the exercise of a delegated administrative authority. The functions of the Board of Commissioners can be described as: 1) policy-making, 2) planning, and 3) evaluation.
- B. The Board of Commissioners is a team with seven (7) members, each equally responsible for seeing that the parks are properly managed in terms of planning, policy, and decisions on which the Board has reached agreement in a regular or special meeting.
- C. The members of the Board of Commissioners are residents, elected by districts to sit as members of the Board of Commissioners and act on behalf of the welfare and to the benefit of the people of the entire District.
- D. Members of the Board of Commissioners should be free from commitment or pressure from any special interest group.
- E. The Board of Commissioners oversees an ongoing system of parks whose operation and management require technical experience and skill.
- F. The Board of Commissioners can transact business, which is legally binding on the District, only when it is in regular or special session with a quorum present and its proceedings recorded in the minutes of the meeting.
- G. The direct administration of the park system is delegated to the Executive Director who is appointed by the Board of Commissioners as Chief Executive Officer.
- H. It is the function of the Executive Director to serve the Board of Commissioners as technical adviser in planning and policy-making, as an executive in seeing that legislation enacted is put into operation, and as a consultant in the process of evaluating the results of such legislation.
- I. The Board of Commissioners should avoid taking a direct hand in the administration of the parks, thereby keeping the role and function of its executive officer clear to members of the community and the professional staff. This procedure is consistent with the practice of boards of directors of successful business enterprises.
- J. The Board of Commissioners retains full legislative and judicial authority over the parks in accordance with park laws and the expressed will of the citizens, but delegates all executive, supervisory authority and operation to its professional staff under the direction of its Executive Director.
- K. Although the individual board member exercises the authority and responsibility of his/her position only when the Board is in session, the public considers him/her as a member of the Board twenty-four (24) hours a day, so his/her own interest and desire to serve his/her community through his/her membership on the Board of Commissioners continues when the Board is not in session. An individual board member has no authority and cannot speak for the

Board, but the public has a right to expect him/her to be able to discuss park matters with understanding, and he/she has a right to expect to have access to the information that makes it possible for him/her to be informed about park affairs.

Much of a Board member's information about the Park District may come from casual conversations with residents, neighbors, program participants, employees, or other members of the general public. More of this information will come from bulletins and publications from the offices of the Executive Director and members of his/her staff. When a board member is seeking information about a specific problem or issue, he/she should ask the Executive Director to prepare a report on the matter with the help of his/her staff.

At times a person or group of persons may confront a single board member with a problem or complaint that should be handled by the Executive Director or a member of the staff. Each board member must decide how much time he/she can spend in this situation and what the demands of courtesy may be in each case, but the policy of the Board in such cases should be clear to all. No member, or the Board itself, will officially consider such problems or complaints until they have been submitted to the proper authority, the Executive Director, and a report has been made by the Executive Director to the Board in session. If satisfactory adjustment cannot be accomplished by this procedure, the Board may, if it deems it advisable, grant a hearing to the person interested. Such hearing will be held during a regular or special session of the Board.

When a member is confronted with a situation which, in his/her judgment, justifies a departure from this procedure, it is suggested that the Board member withhold commitment and/or opinion until the matter has been presented to the whole Board during a regular or special session. It is often wise for a board member to postpone the formulation of his/her own opinion until he/she has had the benefit of hearing the issue discussed by the Board where all aspects of the problem are aired.

- L. The meetings of the Board of Commissioners, both regular and special are critically important to the District. It is here that parks and recreational oriented people proficient in thinking and judging, give consideration to the recommendations and reports of its executive officer.
- M. An effective meeting of the Board of Commissioners should have a well-planned agenda. The agenda should be planned by:
 - 1. The Executive Director, whose direct responsibility for the operation of the agency gives him/her direct knowledge of the policy, appraisal and legislative needs of the District, and
 - 2. The President of the Board, who must chair the meeting, as the Board of Commissioners gives consideration to recommendations and reports.

ceases to be a legal voter in the district, (v) is convicted of any infamous crime, (vi) refuses or neglects to take his or her oath of office, (vii) neglects to perform the duties of his or her office or attend meetings of the board for the length of time as the board fixes by ordinance, or (viii) for any other reason specified by law, that office may be declared vacant. Vacancies in an officer position shall be filled expediently as specified in the following manner for the unexpired portions of the affected term.

- 1. In the event of a vacancy in the office of President, the Vice President ascends to the position of President immediately.
- 2. In the event of a vacancy in the office of Vice President, the President shall appoint a Board member to serve as Vice President for the remainder of the term. This appointment must be approved by a majority vote of the Board at the next regularly scheduled meeting.
- 3. If either the Secretary or Treasurer offices should become vacant, the same process used to replace the Vice President shall be followed.
- 4. In the unlikely event that both the President and Vice President are unable to complete their terms, the Executive Director shall ask two (2) other Board members to fill the unexpired portions of their terms, subject to a majority vote of approval at an emergency meeting of the Board. If a vacancy in the Assistant Secretary or Assistant Treasurer occurs, the President shall appoint replacements.

IV. MEETINGS OF THE BOARD

- **A.** Open Meetings of the Board of Commissioners are normally held on the second Monday of each month and are referred to herein at all times as the "regular monthly meetings".

- C. The Board of Commissioners shall have an agenda submitted by the Executive Director for its consideration at least four (4) days before an Open Meeting, except in the case of exigent circumstances for which a statutory exception applies. The agenda shall set forth the order of business for that meeting, and shall contain supporting data for the suggested items of business with recommendations of the Executive Director, or people designated by him/her, where he/she deems it advisable.
- **D.** All meetings of public bodies shall be open to the public unless "excepted" and closed in accordance with Section 120/2(c) of the Open Meetings Act (5 ILCS 120/2(c)). Closed Sessions are typically held to discuss land acquisition, litigation, and personnel matters, however, there are many other Closed Meetings "exceptions" as listed under Sec. 120/2 Open Meetings Act. All matters discussed in Closed Session of the Board of Commissioners shall be kept confidential by all Commissioners. No final action can be taken in Closed Session. The Open Meetings Act of the State of Illinois requires that Closed Sessions must be tape recorded and kept on record for a minimum of 18 months. The Open Meetings Act also requires that there be a policy governing the required bi-annual review of disposal of recordings of Closed Session and approval of Closed Session minutes. As part of such review process, evidence of determination shall be made and reported in an open session that 1) the need for confidentiality still exists as to

all or part of Closed Session minutes and 2) that, at the discretion of the Board and as advised by legal counsel, the minutes or portions thereof no longer require confidential treatment and are available for public inspection and 3) the audio recordings for those Closed Sessions for which minutes have been approved for full availability may be destroyed after 18 months of the Closed Session meeting – as provided by the Open Meetings Act. This provision serves as the official policy of the District as we will follow all requirements of the Open Meetings Act (OMA) applicable to Closed Session and Open Session Meetings.

- 2. Four affirmative or "Aye" votes shall be required to elect any officer of the Board of Commissioners, to adopt any motion involving the expenditure of money, or the letting of any contract, or any motion upon which the "Ayes" and "Nays" are demanded by any member of the Board of Commissioners. A majority shall decide all other questions.
- 3. A Board Member may participate in an Open Meeting by teleconference if that member cannot physically attend because of personal illness or disability, employment purposes or the business of a public body, or a family or other emergency. A Quorum of members must be physically present and a majority of those present must expressly consent to allow the member to attend via video or audio conference. The President of the Board shall arrange for such necessary equipment to be available to facilitate teleconference attendance. Those participating in the meeting by teleconference shall be considered present for voting purposes and their votes shall be recorded in the usual manner. Teleconference attendance during Closed Sessions will be limited due to the issue of confidentiality.

It is a goal of the Board to periodically conduct meetings throughout the community at the District's community centers to ensure community engagement and inclusion. In the event a Board member participates in a public meeting by teleconference, such person shall be deemed to be present at the place of the meeting and the minutes of the meeting shall denote such presence by teleconference. None presented.

11.0 NEW BUSINESS

11.1 Ratify the proposal submitted by Wight and Company for the Red Oak Nature Center and Lippold Park re-visioning and trail bridge study in the amount not to exceed \$34,700.

Jeff Palmquist recommended approval of the ratification of Wight and Company proposal for Red Oak Nature Center and Lippold Park. A motion and a second was made.

Discussion: Commissioner Broholm asked if the District could petition for the change of address of Red Oak Nature Center from Batavia to North Aurora.

Chief Summer informed that the addresses are generated by the Fire Protection District and when this was initially done, Red Oak fell under the jurisdiction of Batavia. This predated the property being annexed to the Village of North Aurora which is why they have fire numbers that reference to Batavia. There have been preliminary discussions with the fire district in hopes of getting the address switched to North Aurora.

Roll call voting Aye: Al Broholm, Jerry Butler, Mary Anne Cummings, and President Chuck Anderson; voting Nay: none and the ratification of the proposal was approved.

New Business Items 11.2 and 11.3 were bundled together for approval purposes.

11.2 Approve the Resolution 21-024 for the Appropriation of Local Funds for Illinois Prairie Path Improvements.

Jeff Palmquist recommended approval of Resolution 21-024.

11.3 Approve the selection of Deuchler Engineering Corporation for Phase 3 construction engineering services for the Prairie Path widening and resurfacing project and direct staff to negotiate a contract in the amount not to exceed \$152,018.

Jeff Palmquist recommended approval of Deuchler Engineering for Prairie Path widening and resurfacing and direction for staff to negotiate the contract.

A motion and a second was made to approve Items 11.2 and 11.3 simultaneously. Roll call voting Aye: Al Broholm, Jerry Butler, Mary Anne Cummings, and President Chuck Anderson; voting Nay: none and items were approved.

11.4 Approve the extension of the Executive Director's contract by one year to October 31, 2024.

Director Pilmer asked the Board of Commissioner for consideration to extend his contract by one year. It was decided to remove this as an action item and discuss this in closed session.

RE: Recreation Accounts Receivable Write-Off

The accounts receivable balances of the District are primarily made up of declined electronic funds transfer (EFT) payments for memberships and recreational programs. Patrons receive up to three letters from the District as notifications for the balance due and instructions on how to pay. If the balance is over \$100 it is sent to a third-party collection agency (Transworld) during the fifth month. Monthly, an aging report showing accounts over six months outstanding is provided to the Director of Finance for review and approval to write off. An alert is placed on the patron's account noting the debt, and any future membership enrollment or activity registration is prevented until the balance is paid in full.

The District is improving upon its practices by submitting monthly summaries for proposed write-offs to the Board for approval. The listing provided omits the name of the debtor but provides the amount to be written off and date the balance was incurred. These debts are not forgiven, but we acknowledge that we do not expect to receive payment.

RE: Finance/Accounting Board Report for April 2021

Department Collaborations:

Jen Paprocki, Lisa Santoria and Annmarie Mampe continued to fine tune and roll out the Employee Self Service Portal through the Munis financial system. This allows District employees access to update certain personal information and view their bi-weekly check stubs, 2020 W-2, current payroll tax elections, and total compensation package. Our continued efforts create more transparency for our employees and affords them access to their information at their convenience.

There was full executive team collaboration on the discontinuance and the communication plan of dog tag permitting requirements for our dog parks. The Finance team quickly processed refunds and communication to all patrons that purchased a 2021 dog tag.

Department Trainings/Certifications:

Jen Paprocki and Julia Gabbard participated in the IGFOA Park District Round Table training on April 9th on "What to Expect from an IRS Audit". The information presented by Dan Eberle from the IRS, helps us to review our current policies and practices in keeping the District compliant with IRS standards and regulations.

The Finance Department along with the IT and HR departments had the opportunity to participate in the 2021 Tyler Connect (Munis) Virtual Conference from April 27th through the 28th. There were multiple live sessions that our team participated in related to accounts payable, payroll, budgeting, ReadyForms and product enhancements. Over 40 hours between live sessions and pre-recorded sessions were logged and we are already looking to implement some of the featured enhancements demonstrated during the sessions.

RE: Information Technology Board Report for April 2021

The Department of Information Technology was focused on the opening of Blackberry Farm during the month of April. The success of the Saturday, May 1 opening at Blackberry Farm was a testament to the teamwork and focus of all involved. I would like to show appreciation for Holly Wiggins and Becky Harling with their focus and direction in ensuring all bases were covered and providing IT with the necessary assistance to accomplish our common goals. I would like to also applaud Jeremy Andersen for the coordination and management of ensuring all IT and sound systems were secure and in good operating order for the opening. Finally, I would like to celebrate the teamwork of Broch Meyer, James Johnson and Jason Snow, who were at Blackberry over the weekend for IT support to ensure a successful opening. This teamwork and interdepartmental collaboration paved the way for a successful and customer service-oriented opening. Our goal in IT is to ensure we have a reliable infrastructure, proper IT support on hand and business continuity plans in place to provide an efficient and effective customer experience.

Another area of focus for IT was the preparedness for the Summer Registration session on Saturday, May 1 at 8:30 am. IT coordinated resources at Vermont Systems (our partner in our Recreation Software System) to ensure the proper resources, bandwidth and support are available. IT is on call for each session if support is necessary and I would like to spotlight Jeremy Andersen, IT Manager for his availability and services for the registration.

The Security Committee met on April 29, 2021 to review progress on the initiatives at Cole Center and next steps for Prisco Community Center. I would like to thank Kyle McHale from the Operations Department for his assistance in putting together the security component diagrams for the Cole Center.

The Department of Information Technology continues to focus on core network and cloud-based security by reviewing onboarding and offboarding processes to ensure all accounts have Multi-Factor-Authentication configured. We also continue to focus on efficiencies by improving our security patch management and antivirus through our remote management and monitoring (RMM) solution.

RE: Planning Board Report for April 2021

Jericho Lake Fishing Derby:

In 2019, the Illinois Department of Natural Resources (IDNR), through their Office of Community Outreach, conducted successful fishing derbies for underserved youth populations in the City of Chicago. With IDNR's desire to expand this program and the Fox Valley Park District's on-going initiative to improve access for all, Jeff Palmquist and Ivan Chambers have been coordinating with Ted Penesis, Director of the IDNR's Office of Community Outreach, to conduct a free fishing derby at Jericho Lake Park on Saturday morning, July 10. IDNR will provide the fishing equipment and day-of event outreach staff. Led by Ivan Chambers, Social Equity and Outreach Strategist within the Planning Department, the Park District will reach out directly to the targeted participants and families in Aurora, North Aurora and Montgomery. Ivan will also connect local volunteers to the event. Further, both agency staffs, including a local IDNR aquatics biologist, have been working together on plans to stock Jericho Lake with a variety of fish species. IDNR's event orientation will include instructions on catch and release.

Event Permitting:

As part of the responsibility as the Park District's staff government liaison, Jeff Palmquist has been actively coordinating with our affiliated municipalities on special event permitting and permitting for events that involve alcohol. eCare

Below highlights enrolled number of participants per facility:

Facility	5 Days (M – F)	3 days (M/W/F)	Total
Eola	47	0	47
Prisco	58	10	68
Vaughan	21	6	27
Total	126	16	142

eCare Program highlights:

Eola- With Spring on the horizon, staff have been taking advantage of the outdoor amenities at the Eola Community Center. Groups have been taking Nature Hikes, exploring the grounds while completing a Nature Scavenger Hunt. It has been staff's goal to get the kids active outdoors and away from their screens when possible.

Prisco- On April 30, eCare staff planned a day of activities revolving around Dia Del Nino (Children's Day). Students had a picnic outside, made sidewalk chalk drawings, painted with watercolors, and played a variety of games.

Vaughan- It is difficult to believe that eCare is ending in one month. As the school year winds down, the participants and staff members are looking forward to better weather and a break from e-learning. Staff are continuing to provide stable care for each of the children in our program and will miss them terribly upon conclusion of eCARE.

MVP Sports Academy

Vaughan- The MVP program is continuing to grow after its relaunch in February. The current Spring session has a total of 191 participants in 21 classes including soccer, basketball, t-ball, flag football, floor hockey, and Sports Mania. Total revenue for the session is \$9,273.

Prisco- The MVP program at Prisco has come back with the best numbers staff have seen at this facility since MVP Sports Academy started. The current Spring Session has 85 participants in nine classes including baseball, soccer, basketball, and volleyball. The total revenue for the session is \$3,931.

Eola- The Spring session of MVP sports began the week of April 18 with a total 235 participants across twenty-seven classes. Eighteen of these twenty-seven classes are at full capacity for this spring session. The total revenue for the spring MVP classes is \$11,917.

Vaughan Athletic Center

Aquatics

Aquatics is preparing for the opening of the outdoor waterparks. Drew Licar, PT IMRF Lifeguard Coordinator, and Kaitlin Freudnt, a veteran headguard on the team traveled to Bloomington-Normal for a three-day Lifeguard Instructor certification course. Drew and Kaitlin were able to learn from Joe Stefanyak, the Senior Director of Jeff Ellis & Associates and the Park District's Ellis representative. This addition to the aquatics team allows for the instructors to certify up to 16 lifeguards each.

Included in the Lifeguard Instructor course is a certification for Safety and Health Instructor. This certification allows staff to teach CPR classes throughout the park district. Staff were able to host four CPR classes certifying staff at Blackberry, Eola, and the Vaughan Athletic Center.

Diveheart utilized the facility on April 6 and was accompanied by Fox News. The piece aired on Thursday, April 8. This has allowed for a wonderful partnership between the Park District and Diveheart, as they continue to rent lanes and show members all they have to offer.

In total, 1,267 waterpark tickets have been sold for the month of April totaling \$10,262 in revenue. The Vaughan Athletic Center began offering birthday parties in the month of April. Staff hosted seven parties this month.

Programs

With summer around the corner, swim lesson participation continues to rise. Private swim lessons have seen an increase from 2019, with a total of 48 participants registered in April. The last weekday spring session for group swim lessons has maxed out at a total of 218 participants. Staff is currently hiring and training staff to prepare to take programming outdoors for the 2021 summer season!

Riptides Swim Team

On April 8 and April 9, Riptides hosted tryouts for the summer long-course season. Riptides was unable to welcome new swimmers in 2020 due to the COVID shutdown and limited lane usage per IDPH guidelines once the pools reopened. After a successful two days of tryouts, Riptides welcomed 17 new swimmers to the team.

The ISCA Florida National Level Meets wrapped up in April. Riptides walked away with many top 10 finishes and four swimmers were individual winners.

Childcare

Childcare at the VAC has officially re-opened. While numbers have started off low, staff are beginning to see an increase in participation. As demand increases, staff are planning the addition of evening hours and expanding the age range to include infants and toddlers.

Youth Programming

As anticipated, specialty youth classes have been highly successful during the past two months. Since most children have been doing e-learning all year, families are eager to enroll their children in live classes to offer them additional social experiences. Below are some of the classes that have shown incredible success as they return.

Class Name	Participants	Revenue
Kid's Karate Club (Beginner)	15	\$975
Kid's Karate Club (Advanced)	12	\$813
Tot Rock	11	\$825

Athletics

The Strength and Conditioning for Athletes program has stayed consistent offering three classes with a total of 28 participants. Total revenue for this session is \$2,380.

Staff were excited to bring back an athletic league for the first time in a year. The Cyclones Girls Volleyball League has a total of 80 participants, resulting in \$12,040 in revenue.

Open gym returned during the month of April for members only. Currently the biggest turnout is on Saturday mornings.

There was a total of 23 rentals in the fieldhouse this month totaling \$3,275 in revenue.

Tennis

Tennis spring program participation continues to create additional programming and accommodate waitlists wherever possible. Tennis program participation is up 12% from Spring 2019 with 348

participants. Spring program revenue is up 26% from 2019 Spring with \$71,910 in revenue. The 2020 Spring Session was cancelled due to Covid-19.

Tennis Spring Session	2019	9	2021			
	Participants	Revenue	Participants	Revenue		
Total	312	\$57,073	348	\$71,910		

In addition to group lessons, three new Adult In-House Leagues were created and offered this session. All three leagues are currently maxed out with a total of 28 participants and another \$3,500 in revenue.

Tennis continues to foster relationships with local schools and organizations. Vaughan Tennis Center was reserved as an inclement weather site for Waubonsee Community College Men's Tennis Team on April 7 and April 20. Lewis University hosted McKendree University at the Vaughan Tennis Center on April 9. On April 30 Lewis University reserved the Vaughan Tennis Center as an inclement weather site for their conference tournament. Judson University hosted Holy Cross College on April 29.

Upcoming Events:

Creative Play & Nature Play Preschool

The number of students enrolled in preschool has fluctuated throughout this school year. While we had several new students begin in April, we also had a few leave due to parents returning to work and them having the need to go to full-time childcare. The effects of the pandemic continue to be seen in our last months of preschool.

On the evening of Tuesday, April 27, the preschool held its annual Spring Fling Concert. This year the event was held virtually via Zoom. Carole Stephens, from Macaroni Soup, entertained 38 of our preschool families by singing and dancing and encouraging them to do the same at home. Take home envelopes, containing the materials to make and decorate paper plate shakers to utilize during the concert, were sent home with all participants prior to the event.

The halls were once again filled with artwork at Eola starting the week of April 26. While the art fair was very scaled back, the community was still able to see the masterpieces created by our students and a video was created through the support of the Marketing Department and posted to our social media pages.

The number of students registering for next year is continuing to rise. Currently, both Blackberry's three's and four's classes are full. Red Oak's Tuesday and Thursday three's class filled up quickly, an additional class has been added on Monday and Wednesday mornings to accommodate the waitlist for the three's program.

The Fox Valley Competitive Gymnastics team held an AAU competition at the Eola Community Center on April 10. One hundred and three gymnasts representing six clubs that competed. Each gymnast was allowed one spectator, seats were placed 6 feet apart. The district's Level 2, 3, 4, 5 and 6 teams all placed first, while the level 7 team placed 2nd. Ten of the team's gymnasts have qualified for AAU Nationals in Savannah, Georgia in June.

All Spring classes at Prisco including the new Monday morning and Thursday evening offerings are full. There is a total of 42 participants enrolled.

Fox Valley Storm Competitive Cheer Teams finished their spring season at Northern Illinois Convocation Center on April 10. The Fifth-Grade team won first place, while the Fourth-Grade team placed 2nd and Eighth grade team placed 3rd. The fall season will kick off with a workshop on July 12.

Athletics

The Spring Youth Soccer Intramural program kicked off on April 17 at the Stuart Sport Complex. A total of 132 participants are split into three age divisions and participate in practices and scrimmages that are led by MVP Sports Academy head coaches. The total revenue for this intramural program is \$7,854.

The Adult softball leagues are slated to start on April 29 and 30. The ASA Men's Unlimited Arc league currently has 13 teams while the ASA Co-Rec league has 6 teams registered. Games will be held Thursday and Friday nights, respectively, at the Stuart Sports Complex and Eola Community Center softball fields. The total revenue for both adult softball leagues is \$15,900.

Martial Arts classes also began the first week of April with 59 total participants across nine classes. There are four Seisan Ryu Karate classes running with 38 participants and five Kung Fu for Kids classes running with 21 participants. The total revenue for these programs is \$3,774.

Back in January, staff began to advertise private individual basketball training that could be purchased in single or multiple sessions. During the month of April, the first registrations came through with two, 5 packs of lessons and another single session purchased. As staff have seen a recent success in offering this option, they will continue to offer individual training and hopefully expand to other sports in the near future.

Early Childhood

The spring session has fifty-seven children enrolled across nine early childhood classes. The total revenue for the spring early childhood classes is \$3,539.

Superhero Smash

Superhero Smash was a smashing success! This family event was created as an affordable option post reopening for families to get out of the house; 99 participants enjoyed rotating through fun thematic stations at the Eola Community Center, which included Hulk Smash, Superhero Training Course, and Craft Grab Bag. We were also lucky enough to have Chasewood Learning sponsor a Superhero Battle Bot station incorporating STEM into our Special Event.

Rentals

The facility rental income for April 2021 was \$4,254, which includes room and gym rentals. Gym rental availability was reduced this month due to the start-up of open gym times. Staff are beginning to see increased traffic for Summer rentals in the large rooms.

Open Gym

Open gyms began at Eola on April 5, offering fitness members the opportunity to participate in Tween Open Basketball, Adult Open Volleyball, and Adult Open Basketball. Adult Open Table Tennis was opened to non-members and began to see some participation in the second week of running. As of May 3, all open gyms at Eola will be expanded and opened to residents and non-residents for drop-in fees.

CCLC 21st Grant

April has been a busy month with the continuation of the Virtual Programming for the CCLC 21st grant through the FVPD and D129. Staff continue to service nine schools by offering programs in the areas of Fitness, Museums, Storybook Art, and Fine Arts. In one offering, the students completed an Owl Investigation through Red Oak Nature Center. Students learned what an owl is and the names for some of the more common owls located in Illinois. One of the nicknames for the Barn Owl is the Screaming Owl! Students were also quizzed on owl fun facts, which lead into an owl pellet activity.

Prisco Community Center

Performing Arts

On April 3, the Bunny Brunch sold out of both sessions, for a total of 110 guests. There was beautiful weather for an outdoor egg hunt, dancing and pictures with the guest of honor. In addition, boxed breakfasts from Reuland's Food Service were distributed to make for a wonderful event.

Dance

A-Factor Dance Company performed their competition pieces for an audience of 50 on April 16 at the Prisco Community Center. This is the first performance on the stage at the Prisco Community Center since the start of the COVID-19 pandemic.

A-Factor Dance Company held a parent meeting on March 11 to receive feedback from parents regarding in-person competitions. As a result, A-Factor has registered for two virtual competitions, one in April and one in May.

Athletics

Volleyball is offered on Monday and Wednesday evenings. Monday has 31 registered participants for the competitive volleyball league and the Wednesday Recreational Volleyball league has 39 registered participants. There are 16 registered participants for the men's basketball league. This league is excited to get back into the gym and happy that the small group allows them to get in ample playing time. The new Pickleball league has 9 registered participants and will be starting a new session in May, which hopefully results in greater numbers.

Rentals

A church service rental on Friday afternoons has begun and has been booked through the end of July. Total profit from rentals in April was \$2,538.

Red Oak Nature Center

General Overview: In April, Red Oak's spring programs ran at full steam. Our Bookworms program required an additional session and Grow With Me ran at full capacity. Red Oak has now been open Monday, Wednesday and Fridays to the public around Nature Play preschool groups and limited to 25% facility capacity in compliance with IDPH guidelines. We are happy to report that the public has been compliant and understanding to wait if necessary, for entrance to the building as capacities level out. Red Oak is excited for the day that it can re-open safely to welcome all and is planning on opening weekends in May to meet increased public demand.

In honor of Earth Day month, Red Oak once again offered free saplings for the public to plant from *Living Lands and Waters*. Over 200 saplings were taken and planted by the community and bettered the planet.

Red Oak entered an exciting contract with Wight and Company in April. Wight has been tasked to research the current facility and usage at Red Oak and area comparables to assess the potential the property has. Looking ahead with Wight's guidance, Fox Valley will use this information to decide future planning in regard to pursue, plan or pause potential development of both Lippold and the Red Oak.

RE: Village of North Aurora- Fox Valley Park District Intergovernmental License

Agreement for Fireworks on Fox Valley Park District Property

As part of the Village of North Aurora's increased efforts to focus activity in the center of the Village, especially along the Fox River, the Village successfully returned its Fourth of July fireworks display to its downtown river front in 2017 after a hiatus of many years. Due to various safety requirements and logistical challenges, the optimum launch point was determined to be along Park District bike path property north of Village Hall along the east river shoreline (see attached location exhibit). The Village would like to again hold its fireworks display along the river and launch from the same Park District owned location utilized since 2017 (except for the cancelled event in 2020).

The Fox Valley Park District commonly cooperates with our overlapping municipalities- North Aurora, Aurora and Montgomery- to facilitate municipal celebrations that necessitate the use of Park District park land. For an event such as the launching of fireworks that entails a temporary trail closure, potential site restoration and indemnification, this cooperation is formalized through the execution of an intergovernmental agreement. The Intergovernmental License Agreement for Fireworks on Fox Valley Park District, approved by the Board of Commissioners previously for one-year terms, is attached for review. The conditions of the agreement remain unchanged from previous years. Please note that the fireworks celebration is scheduled for the evening of July 3. This agreement has been reviewed by Attorney Hodge and the North Aurora Village Attorney. The agreement appropriately addresses timing, the temporary closure of the Fox River Trail, maintenance, damage and restoration, insurance and indemnification.

I recommend to the Board of Commissioners to approve the Intergovernmental License Agreement between the Fox Valley Park District and the Village of North Aurora for Fireworks on Fox Valley Park District property.

RE: Park Naming

Throughout the acceptance, final design and engineering process for the 1.3-acre park site located along the east side of the old Copley Hospital parking lot, the park has been commonly referred to as the Copley Hospital park site. However, the District has not yet formally adopted a name for this park through Board of Commissioners' action. This action generally occurs following park site acceptance and concurrent with the construction of park improvements.

After acceptance of the Copley Hospital park site, and as staff considered the naming of this park, staff reviewed the Fox Valley Park District's naming policy. This led to Board of Commissioners' approval of the naming policy update at the March 2021 Board of Commissioners meeting. Based upon this policy, a primary criterion for naming consideration is geographic/location-based reference, such as subdivision name or street name. This new park site, located within the old southeast side of Aurora, is not part of a commonly known and named subdivision. The address assigned to the new park is Weston Avenue. Weston Avenue is the street that terminates at the center of the park from the east. Therefore, staff recommends that the park be named Weston Avenue Park for the ease of identification- for neighborhood residents, district staff and police and public safety officers.

Additionally, by directive of the Board of Commissioners, staff will begin to use interpretive historical signage at park sites to highlight neighborhoods. Weston Avenue Park will be included in this initiative as part of the park completion in 2021. Interpretive signage at Weston Avenue Park will include recognition of the history of citizens, places of worship, schools, commercial properties, and the former hospital.

I recommend to the Board of Commissioners to approve the naming of the 1.3-acre park site located at Weston Avenue as Weston Avenue Park.

RE: North Aurora Property Annexations

Fox Valley Park District staff recently became aware that some residential properties located on the east side of North Aurora previously thought to be within Park District boundaries appear to have never been annexed into the Park District. This report and recommendation summarize these circumstances and provide the remedy.

In the early 1990's, the east side of North Aurora north of Butterfield Road grew substantially. Vacant, unincorporated farmland was annexed into the Village in 1990 and 1991 and developed as the Fox Valley Country Club Estates and Pinecreek subdivisions. The Fox Valley Park District, through coordination with the Village of North Aurora, was involved in the planning of these subdivisions as each of these residential developments dedicated a neighborhood park to the Park District-Wingfoot Park and Pinecreek Park respectively. The process for Park District expansion necessary to serve the future residents of newly annexed and developed subdivisions in North Aurora is for annexation into the Park District to coincide with annexation into the Village. This process occurred for Fox Valley Country Club Estates and Pinecreek.

However, an irregular configuration of vacant parcels extending roughly between these two subdivisions remained immediately undeveloped. This land was then assembled by developers and became known as Banbury Ridge. The limits of Banbury Ridge are indicated by the red outline on the attached exhibit. The recent staff comprehensive search of historical records of this greater area reveled that, although the Village of North Aurora annexed Banbury Ridge in its entirety on January 23, 1995, inconsistencies in the Village's coordination at that time regarding necessary annexation into the Park District led to only portions of Banbury Ridge being annexed into the Park District. The attached exhibit indicates with orange shading the territory within Banbury Ridge but outside of the Park District.

The deep records search also uncovered two other areas that were annexed into the Village during this period but never coordinated with the Park District to concurrently annex into the Fox Valley Park District. The area on the exhibit consisting of five total parcels noted in blue was also annexed into the Village of North Aurora on the same date as the annexation of Banbury Ridge, but never subsequently coordinated with the Park District to annex. The other area is a small nine home subdivision known as Banbury Grove, located along the east side of Banbury Road and noted in pink on the exhibit.

To remedy the exclusion of the subject territories from the overall intended annexations into the Park District dating back to the 1990's, staff presents the attached annexation ordinance number 21-496 and plat for consideration. This ordinance combines the Banbury Ridge areas and the areas in blue as the Village's annexation of these areas transpired concurrently in January of 1995. The circumstances of the Banbury Grove annexation into the Village are less clear. Therefore, the annexation of Banbury Grove into the Park District is addressed as a separate ordinance and action item. The conditions of these proposed annexations meet the requirements set forth by the Illinois Park District code.

I recommend to the Board of Commissioners to approve Ordinance Number 21-496 annexing portions of the Banbury Ridge subdivision and adjacent properties located along the east side of Banbury Road in North Aurora into the Fox Valley Park District.

ORDINANCE NO. 21-496 AN ORDINANCE ANNEXING CERTAIN TERRITORY TO THE FOX VALLEY PARK DISTRICT, A PARK DISTRICT ORGANIZED UNDER THE LAWS OF THE STATE OF ILLINOIS

However, no territory may be annexed under this Section more than one year after it has first been included in such municipality unless such territory so annexed is 120 acres or less.

RE: North Aurora Property Annexations

In researching areas within and adjacent to the Pinecreek, Fox Valley Country Club Estates and Banbury Ridge subdivisions that may inadvertently lie outside of the Fox Valley Park District, Park District staff identified Banbury Grove. This is the small nine home subdivision located along the east side of Banbury Road across from Schneider School. The Village of North Aurora has no record of its annexation into the Village; however, the Village did approve a subdivision final plat, and PUD development agreement, so at some point in the mid-1990's, this subdivision was annexed into the Village. At that time, the necessary coordination to annex Banbury Grove into the Fox Valley Park District apparently did not occur, even though Banbury Grove was surrounded by Fox Valley Park District territory.

To remedy the exclusion of the Banbury Grove from the overall intended annexations into the Park District dating back to the 1990's, staff presents the attached annexation ordinance number 21-497 and plat for consideration. The conditions of this proposed annexation meet the requirements set forth by the Illinois Park District code.

I recommend to the Board of Commissioners to approve Ordinance Number 21-497 annexing the Banbury Grove subdivision, located along the east side of Banbury Road in North Aurora into the Fox Valley Park District.

ORDINANCE NO. 21-497 AN ORDINANCE ANNEXING CERTAIN TERRITORY TO THE FOX VALLEY PARK DISTRICT, A PARK DISTRICT ORGANIZED UNDER THE LAWS OF THE STATE OF ILLINOIS

WHEREAS, the Fox Valley Park District is a park district organized and existing under the provision of the Park District Code, approved May 17, 1951, as amended; and

WHEREAS, Section 3-10 of the currently effective Park District Code provides in part as follows:

"Whenever a Park District operating within territory predominately in a city or village or 2 or more cities or villages would become coterminous or nearly coterminous with such city or village or 2 or more cities or villages upon the annexation of additional territory within such municipalities but not incorporated within a park district, such Park District may annex such additional territory by the passage of an ordinance to that effect. However, no territory may be annexed under this Section more than one year after it has first been included in such municipality unless such territory so annexed is 120 acres or less.

The ordinance shall describe the territory annexed and a certified copy thereof together with an accurate map of the annexed territory shall be filed in the offices of the county clerk and recorder of each county in which the annexation takes place." [70 ILCS 3-10 (1991)]; and,

WHEREAS, the territory described herein consists of less than 120 acres and lies within the corporate limits of the Village of North Aurora, Kane County, Illinois, having been annexed to said Village and otherwise incorporated into the Village of North Aurora and platted as a subdivision and recorded on May 30, 2002, but does not presently lie within the corporate limits of the Fox Valley Park District; and,

WHEREAS, the Fox Valley Park District is presently operating within territory within the corporate limits of the Village of North Aurora; and,

WHEREAS, upon the annexation of the territory described in Exhibit A attached hereto and incorporated herein by this reference, the boundaries of the Fox Valley Park District and the Village of North Aurora will become coterminous, or nearly coterminous as contemplated in Section 3-10 of the Park District Code.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COMMISSIONERS OF THE FOX VALLEY PARK DISTRICT situated in the Counties of Kane, DuPage, Kendall and Will, State of Illinois, that:

SECTION 1. The territory hereinafter described shall be and the same is hereby annexed into the domain and territory of the Fox Valley Park District by this Ordinance.

SECTION 2. The corporate limits of the Fox Valley Park District be and they are hereby extended to include the territory annexed to the Fox Valley Park District (and not already

annexed thereto) situated in the Counties of Kane, DuPage, Kendall and Will, State of Illinois, by this Ordinance, and in addition shall extend to the far side of any adjacent highway, road or street included therein and shall include all of every such adjacent highway, road or street within the area annexed.

SECTION 3. The territory hereby annexed to said Fox Valley Park District, being an area of less than 120 acres, is described on Exhibit A attached hereto and incorporated herein by this reference.

SECTION 4. The Secretary of this Board be and the same is hereby directed to forthwith file a certified copy of this Ordinance, together with an accurate map of the annexed territory herein described, in the offices of the County Clerk of Kane County, Illinois and in the offices of the Kane County Recorder pursuant to Section 3-10 of the Park District Code.

SECTION 5. This Ordinance shall be in full force and effect from and after its passage, signing and recording as provided by law.

Charles Anderson, President of the Board of Commissioners of the Fox Valley Park District

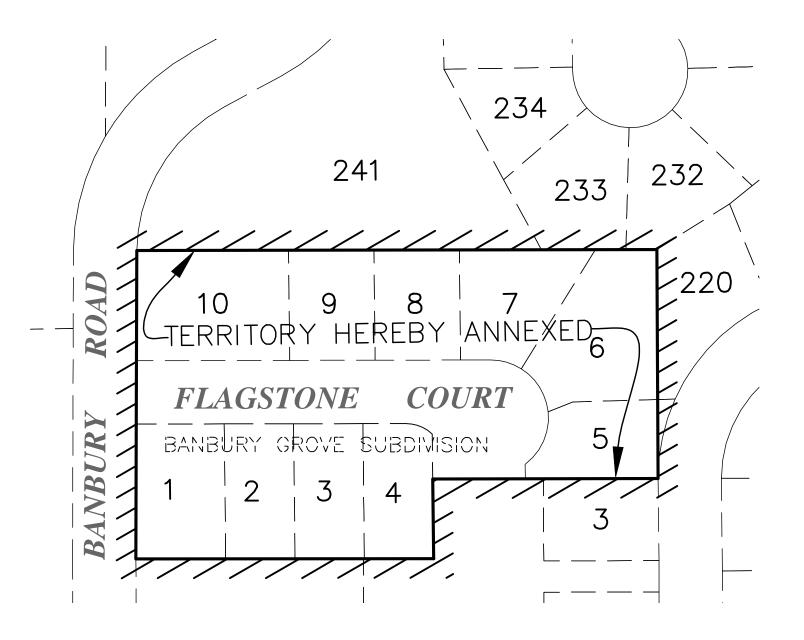

Attest:

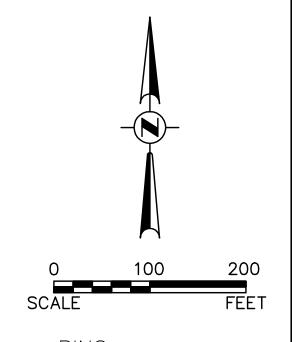

Secretary of the Board of Commissioners Of the Fox Valley Park District

RE: Vehicle Replacement 244

Vehicle 244 is the sole vehicle in Aquatic Maintenance. Vehicle 244 is a 2010 F250 with 90,210 miles. With the opening of two outdoor water parks this season and considering the age of the vehicle, I am asking for approval to replace the vehicle a year earlier than anticipated.

To secure the most competitive equipment pricing, staff utilized the Northwest Suburban Purchasing Cooperative for the vehicle pricing from Currie Motors. A 2021 F350 Service Body is \$44,129.

I recommend the Board of Commissioners, to approve replacement vehicle 244 in the not-to-exceed amount of \$44,129 from Currie Motors.

RE: 2021 Sealcoating Improvements

The 2021 budget included funds for parking lot, trail and court improvements including crack filling, seal coating and paint markings to one fith of the District sites. We have ranked all sites and inventoried all properties and have developed this process for completing everything based on condition within 5 years. Staff worked with Baxter & Woodman Consulting Engineers to design the improvements and the District opened sealed bids on May 4, 2021. The District received two (2) bids. Staff determined that Patriot Pavement Maintenance from Des Plaines IL was the lowest responsible responsive bidder at \$130,729. The engineers estimate of probable cost was \$175,242.

I recommend to the Board of Commissioners to approve the 2021 Sealcoating Improvements to Patriot Pavement Maintenance in the amount of \$130,729.
