

RECREATION CLASSES
SUMMER 2021

POLICIES AND PROCEDURES FOR RETURNING TO THE GYM

- This presentation is for recreational classes and will outline new policies and procedures for our return to the gym.
- The health and safety of our patrons, participants and staff will always come first. As we return to the gym after the disruption due to the COVID-19 pandemic, every decision, policy, and procedure has been made in the interest of our students' safety and health, both mental and physical.
- Our guidelines were created based on recommendations from USA Gymnastics, United States Olympic Training Committee, the Centers for Disease Control and the Illinois Department of Public Health and will be strictly adhered to by everyone entering our facility.
- Maintaining a healthy and safe environment will require cooperation from our staff, athletes, and parents. We need every family to do their part to practice good hygiene, follow our policies and procedures, as well as be patient and supportive of our athletes and staff during this time.
