

CREATIVE PLAY PRESCHOOL ♦

We believe play-based learning creates the most well-rounded learners for life. Early play connects the intellectual, social, physical and emotional skills necessary for success in school and in life.

Our curriculum is aligned with the Illinois Early Learning and Development Standards, and is built on activities and concepts of STEAM (Science, Technology, Engineering, Art and Math). Elements of the nature curriculum Growing Up Wild are woven into all of our classrooms.

Dr. M. Heggerty's Phonemic Awareness is a core area of our curriculum, focusing on the child's ability to connect spoken word sounds to print. This is a strong predictor of early reading success.

The Pyramid Model for Promoting Social-Emotional Competence is utilized at all age levels, helping to address and prevent challenging behaviors at an early age. Fox Valley Park District is one of the first park districts in Illinois to include this in a preschool curriculum.

We take pride in being your community-based preschool, and enjoy working with each child individually to ensure age appropriate development and early stage learning.

NATURE PLAY PRESCHOOL ♦

While utilizing all of the above standards and curricula, Nature Play Preschool is built with an emphasis on environmental education. Students embrace natural surroundings to investigate the world around them.

ALMOST READY FOR PRESCHOOL! PARENT/TOT PRESCHOOL CLASS ♦ Code 700902

New! Ease your child into preschool by joining them for the first half of the school year. Parents and children will learn what preschool routines are all about while having lots of fun. During January, time will lessen with parent so that the child is attending class all on their own. This is the perfect class for those children that may have a harder time separating from their parent. (DB)
